## The Consultation on Youth Ministry: An Opportunity for Visioning and Growth

Ministry with youth is about listening, empowerment, and spiritual guidance. It is instrumental to the vitality and growth of Unitarian Universalist communities. The Unitarian Universalist Association of Congregations is embarking on a two-year process to revitalize and strengthen youth ministry. Congregational engagement in the process is essential to its success. The Consultation on Ministry To and With Youth is designed to be a grassroots process that begins with input from individuals and congregations and progresses to districts and the organizations that provide services and support to the congregations. It is an inclusive and transformative process.
