

District Youth Ministry Gathering

As part of the UUA's Consultation on Ministry To and With Youth, every district will host a Youth Ministry Gathering between September 2006 and May 2007. Ours is scheduled for February 10, 2007, and will be held at location to be announced.

This gathering of youth and adults is an opportunity to learn what youth and congregations in our district have reported in surveys and congregational conversations, and to explore opportunities for stronger ministry with our diverse youth community. Participants will discuss what our district is doing well and could share with the rest of the Association, explore additional opportunities for youth, identify resources needed to move forward, and commit to action.

The gathering will be facilitated by a youth and adult pair from the Task Force on Ministry To and With Youth. Youth, ministers, religious educators, youth advisors, congregational leaders, parents of youth, district staff and Board members are all encouraged to attend. We hope to see you there!
