

The Southeast Florida Unitarian Universalist Cluster

presents two workshops

Awareness of Earth Changes & *how they affect you!*

Because they are concerned about Mother Earth, Dr. Harold Koning, Ph.D., and his meditation group want to increase awareness of changes to the Earth, such as Global Warming and strange weather patterns, and discuss practical solutions. They will use meditation to connect with the energy of the Earth, music to honor Mother Earth and discussion to help you become more aware of the changes and to move through them. and

Medicare for All: single Payer Universal Health Care

Some day, financial barriers to health care in America will be removed, and we will have health care for all. Every resident will have affordable, high quality comprehensive single payer health care. Health care will be separate from employment, freeing millions of health care hostages to pursue jobs they want, rather than jobs they take for health benefits. Workshop facilitators are Larry Stauber lstauber@bellsouth.net and Bob Crowe
