

The SE Florida Unitarian Universalist Cluster proudly presents

The Great Story

(The Epic of Evolution)

The 14 billion year epic of cosmos, life, and humanity told as a sacred story; merging scientific understanding with a reverence for the universe.

Michael Dowd & Connie Barlow, America's "itinerant evolutionary evangelists", teach & preach an awe-inspiring, inclusive, science-based message of hope and possibility. In spring 2006 the UU World featured their story, "The Wonder of Evolution", on its cover. Michael and Connie bring a sacred understanding of evolution into UU circles, where it bridges the spiritual and philosophical diversity inherent in our liberal faith tradition.

ALSO, for 4th, 5th and 6th grade children, Connie Barlow will lead a special program of fun and educational activities that will help them discover & learn the wondrous cosmic creation story. Special price for this children's program is only \$10 per child (includes lunch & breakfast).

Saturday, January 13, 2007, 10 am to 3 pm

(Registration & Continental Breakfast - 9 am to 10 am)

Unitarian Universalist Fellowship of Boca Raton
