The Social Outreach Committee of The First Unitarian Church of Orlando ...

Calls to our community for an open discussion about **The Way to Peace**.

You are cordially invited to join us in an old-fashioned "Teach In".

We have Pierre Tristam, editorial writer and author, as our keynote speaker. Steve Kronen, acclaimed poet, will read his work. Scholars, law professors and representatives of groups working toward peace will be participating. Abbie Potter and the Church children will share their vision of peace.

The program will include oratory, a panel discussion, and a Q&A opportunity. There will also be refreshments and live music by Chip Dockery and Tom Cook featuring songs of peace. We will learn and we will take action.

You are invited to join your peace-loving friends "in the light of truth, and in the warmth of love to seek, to sustain, and to share."

All are welcome. Donations accepted.

The First Unitarian Church of Orlando
is a Welcoming Congregation and a Hate-Free Zone.
