

KEEP THE FLAME ALIVE!
Florida Fund Sunday 2006

The Florida Fund endowment supports our vision for vital long-term initiatives for a healthy, growing Florida District.

The initiative we're focusing on this year is Campus Ministry. Why is this so important? Because we know many young adults resonate with our values. They are looking for answers that will help them make the decisions that will guide the rest of their lives. They are receptive and willing to test out new ideas. And many of those who try Unitarian Universalism will find that it's a good fit for them – the free, supportive, justice-centered religious home they never thought existed.

Your participation in Florida Fund Sunday is what makes those hopes become real. Your participation helps keep the flame alive – for a young student who is struggling with her sexual identity, and needs spiritual solace – for the campus skeptic who questions the dogma he hears at home – for all those young people who are looking for a faith where social justice is not only a sermon topic, but a living, passionate commitment to changing the world.

PLEASE GIVE GENEROUSLY!

ABOUT THE FLORIDA FUND
